Attn: Nigel Robinson - Asbestos Disposal Sites

Dear Mr. Robinson:

Due to some unanticipated contract problems, we must change our subcontractor to Environmental Site Restoration (ENSITE) for the drum excavation activities at the Great Swamp site. For this reason, I am resubmitting the Addendum to the Site Operations Plan with Ensite's draft health and safety plan which incorporates all of the approved health and safety procedures. We will be submitting a final health and safety plan on February 13, 1987 and anticipate beginning work at the site on February 17, 1987.

Should you have any further questions, please feel free to call me at (212) 840-3990.

Sincerely,

FRED C. HART ASSOCIATES, INC.
